By Jason Arnopp : Slipknot: Inside the Sickness, Behind the Masks With an Intro by Ozzy Osbourne and Afterword by Gene Simmons Slipknot: Inside the Sickness, Behind the Masks With an Intro by Ozzy Osbourne and Afterword by Gene Simmons:

6 of 6 review helpful Okay but missing a lot By A After reading this book I found myself asking many questions about the band That is because the Author didn t do a good enough job in his research Slipknot therefore remains somewhat of a mystery There is really not a lot known about these guys Considering the lack of information available on this band I guess this book is worth reading But honestly The only plan right now is to kill everybody Joey Jordison drummerIgnoring every rule in the book and more besides Slipknot are a notoriously controversial band who combine a talent for outrage with their music Reminiscent of the outlandishness of punk nu metal has become the fastest growing area in rock with Slipknot selling over 2 million copies of their debut album And yet Slipknot spit swear and risk injury night after night in their extraordinary live
