been listening to Fela s music for a long time and after reading the book I understand the meaning of the lyrics much better He went through so much for defending the rights of the Nigerian people and Africans in general and for fighting the corrupt regimes I really admire him I also learned a lot a African superstar composer singer and musician as well as mystic and political activist Nigerian Fela Kuti born in 1938 was controversy personified He was swept to international celebrity on a wave of scandal and flamboyance and when he died of AIDS in 1997 more than a million people attended his funeral But what was he really like this man who could as easily arouse violent hostility as he could unswerving loyalty Carlos Moore s unique Fela was an incredible pioneer His rhythms and influence have been absorbed into so much of the music around today and the musical world owes him a debt of gratitude Stevie Wonder H e has influenced music in Africa more than anyone else The Guardian
