By Don Campbell, Alex Doman : Healing at the Speed of Sound: How What We Hear Transforms Our Brains and Our Lives the most important health book of the 21st century shows you how to open the door to a new world of healing options solve the mysteries of reversing heart disease animal spirits ancient native americans and shamans believed that all animals had lessons to teach and had healing or inspirational power when they held or carried a

Healing at the Speed of Sound: How What We Hear Transforms Our Brains and Our Lives:

4 of 4 review helpful great information but the links don t work By Sue Ellen Wolcott I have long admired Don Campbell s work and this book is no exception More of a survey than an in depth treatise it is actually quite useful just because of that The main problem I have is that in the attempt to stay up to date by including links to websites instead of putting fuller information into footnotes or reference notes The bestselling author of The Mozart Effect taps cutting edge science to show how we can use sound to improve our lives and achieve our goals Based on over a decade of new research Don Campbell bestselling author of The Mozart Effect and Alex Doman an expert in the practical application of sound and listening show how we can use music and silence to become more efficient productive relaxed and healthy Each chapter focuses on Healing at the Speed of Sound provides us with powerful tools to enhance our general health and wellbeing as well as expand our spiritual awareness mdash David Perlmutter MD FACN ABIHM New York Times bestselling author of Power
