1 of 1 review helpful Great musical selections poor formatting printing By Jeffrey Requadt Quality wise I find the music to be a good selection Not being an expert on ornamentation it makes sense and is simple to follow The fingering is helpful and not overdone Formatting wise I am not so happy The printing looks dated and thick although

never confusing The systems fill up the whole page leaving less than h This great compilation contains 24 masterpieces by 10 composers in their original form and spans the Baroque to Romantic eras All of the material is a must for any serious pianist and serves as a perfect follow up for students who have studied the Sonatina Album
