0 of 0 review helpful Outstanding By Penny What an outstanding book for musicians and all those who find Bach fascinating I learned so much that I didn t know and came away with a much deeper appreciation for Bach s genius

The author is a bit of a genius himself in writing about a subject that could be dry and boring but has turned it into a wonderfully researched and imagined book 1 of 1 review helpful The story of a revolution in music and technology told through a century of recordings of the music of Johann Sebastian BachIn Reinventing Bach his remarkable second book Paul Elie tells the electrifying story of how musicians of genius have made Bach s music new in our time at once restoring Bach as a universally revered composer and revolutionizing the ways that music figures into our lives As a musician in eighteenth century Germany Praise for Reinventing Bach ldquo This intelligent wide ranging book brings Bach rsquo s eternal music into conjunction with the forces of history Paul Elie makes us realize how even great music if it is to last over time must change in order to
