By David G. Hebert : Patriotism and Nationalism in Music Education what is the difference between patriotism and nationalism nationalism is a range of political social and economic systems characterised by promoting the interests of a particular nation particularly with the aim of Patriotism and Nationalism in Music Education:

Music has long served as an emblem of national identity in educational systems throughout the world Patriotic songs

are commonly considered healthy and essential ingredients of the school curriculum nurturing the respect loyalty and good citizenship of students But to what extent have music educators critically examined the potential benefits and costs of nationalism Globalization in the contemporary world has revolutionized the nature of international relation a brave first attempt to bring together information and arguments relevant to an understanding of how patriotism and nationalism intersect with music education a must read resource Professor John Sloboda International Journal of Education
