4 of 4 review helpful Inherit the truth Purchased at com By dep This was such a wonderful book It was almost as if both the author and her sister were writing the book there were quite a few family letters used in the book written by both sisters Mostly though I found the entire book fascinating Much of the book was about the destruction of her family which was such a tragedy Her family was so musical and so t This is the story of the destruction of a talented Jewish family and of the survival against all the odds of two young sisters It is one of the most moving stories to emerge from the Second World War Anita and her elder sister Renate defied death at the hands of the Gestapo and the SS over a period of two and a half years when they were sucked into the whirlpool of Nazi mass extermination being first imprisoned as lsquo criminals rsquo and then being transferred s Walter Laqueur Center for Strategic and International Studies Washington in Holocaust and Genocide Studies It is my job to read most of the current literature on the Holocaust and if someone had the time and inclination to read only one book published
