19 of 19 review helpful Turning rea llygo odja zz into really good jazz By Timothy R I gave this book 5 stars for one simple reason The book presents authoritative information I have never encountered before in any of the countless jazz improv and theory books I own I would say the one ring to bind them all but that is too cliche at this point I say authoritative because while many books offer a new approach t The same notes can sound square or swinging depending on how the music is phrased This revolutionary book shows how many people misunderstand jazz phrasing

and shows how to replace stiff phrasing with fluid lines that have the right jazz feeling In this book master pianist Hal Galper also shows how get that feeling of forward motion and also how to use melody guide tones correctly how to line up the strong beat in a bar with the strongest chord notes and much mo
