14 of 14 review helpful Why bother By Just For Me I have been a small studio owner for over 15 years and am well versed in most aspects of DAW Digital Audio Workstation usage and setup I odered this book for the simple reason

that Studio One 2 is a very new DAW with alot of very interesting features I have read the book twice now and the main point that sticks in my mind is how many times the second volume is mentioned Power Tools Power Tools for Studio One 2 is an introduction to the newest and one of the most interesting Digital Audio Workstation programs PreSonus Studio One Created by PreSonus in partnership with the design and programming team that created Nuendo and parts of Cubase Studio One has quickly gained popularity since its release for its ease of use workflow orientation and great sound One of the few major DAWs available for both Windows and Mac OS Studio One About the Author LARRY THE O has been on many sides of music and professional audio performer composer sound designer audio director recording engineer producer technician marketer educator and writer Known both for his years of creating audio for vid
