1 of 1 review helpful Of course like Tony s other books based around the Fender Strat and By Customer If you re into the later history of Squier and their movement from a Fender option to their very own Brand Name pick up this book Of course like Tony s other books based around the Fender Strat and Fender Tele he goes into great detail about not only the history of Squier but the events surrounding their creation Book In 1982 Fender revived an old guitar string name for its new line of Japanese made electric guitars Millions of guitars later and celebrating its 30th anniversary

Squier is almost as important to the company as the main Fender brand Guitar pundit Tony Bacon reveals the stories behind the original and collectible Japanese made Squier Series models the way that Fender has often been more adventurous and experimental with Squier away from its protected main About the Author Tony Bacon writes about music musicians and musical instruments He is a co founder of Backbeat UK and Jawbone Press His many books include Million Dollar Les Paul Totally Guitar London Live and The Ultimate Guitar Book
