9 of 10 review helpful Great step up from beginning level By james r weiser I am delighted with this book The arrangements of 20 s era jazz tunes are well done fairly easy and nicely voiced I believe that Eddie Vedder may have used a couple of these arrangements on his recent Ukulele Songs album BTW a MUST OWN recording I m happy that the editors chose not to include one of those pointless how to read music sec Swingin Jazz Ukulele is designed for your total enjoyment Each song is arranged in a fun and lively way with a strum and sing approach The chords are simple yet entirely appropriate to the jazz age style of the 20s and 30s We ve also included classic intros endings and turnarounds that will make you sound like an authentic early jazzer nbsp Titles Ain t Misbehavin nbsp Ain t She Sweet nbsp As Time Goes By nbsp About the Author Founded in 1947 Hal Leonard Corporation has become the worlds largest print music publisher representing some of the greatest songwriters and artists of all time We are proud to publish titles of interest to all musicians as well as music lov
