By Steve Barta : The Source we would like to show you a description here but the site wont allow us dailyhaha is your daily dose of laughs dailyhaha is dedicated to posting some of the funniest content on the internet every single day funny pictures videos The Source:

1 of 1 review helpful Scales Chords Great Fingerings Eh By b swisher I would recommend this to someone who has no theory background or knowledge of how to spell out various scales and chords I had intended to buy it for the fingerings of the chords and scales My primary instrument is not piano but from working through the chord portion in the back I am not convinced there was careful thought or reasoned structure Instructional Perfect for musicians teachers or anyone looking for solid info on scales chords and how they work together Provides right and left hand

piano fingerings for scales chords and complete inversions covering 20 different scales each written in all 12 keys The Source is the most complete collection of contemporary and traditional scales for classical jazz and other styles
