2 of 6 review helpful Good Read By L J If you like such things good read I have passed it on to several others

involved in sound design who liked it as well Listening to Noise and Silence engages with the emerging practice of sound art and the concurrent development of a discourse and theory of sound In this original and challenging work Salom eacute Voegelin immerses the reader in concepts of listening to sound artwork and the everyday acoustic environment establishing an aesthetics and philosophy of sound and promoting the notion of a sonic sensibility A multitude of sound works are discussed The examples under discussion range from by now canonical soundworks to recent works by a clutch of lesser known artists Voegelin s critical style is so singular that she avoids cliche in the treatment of all these artists prising them out of a conv
