2 of 2 review helpful Great solid series By minnemom I have been teaching private piano lessons for 15 years and I

am delighted with the Alfred series This book specifically has quite a few songs that the kids will recognize It starts by introducing the dotted quarter not which is often difficult for students It ends with great coverage of the primary chords I IV V7 I love the approach Alfred takes to introduci This easy step by step method emphasizes correct playing habits and note reading through interval recognition Lesson Book 2 continues where Level 1B finishes This book introduces dotted half notes and dotted quarter notes plus intervals of 6ths 7ths and octaves Teaches greater movement of the hands including crossing two over one and scalework Students will also learn more about triads primary chords and blocked and broken chords Titles 18t
